FOREWORD

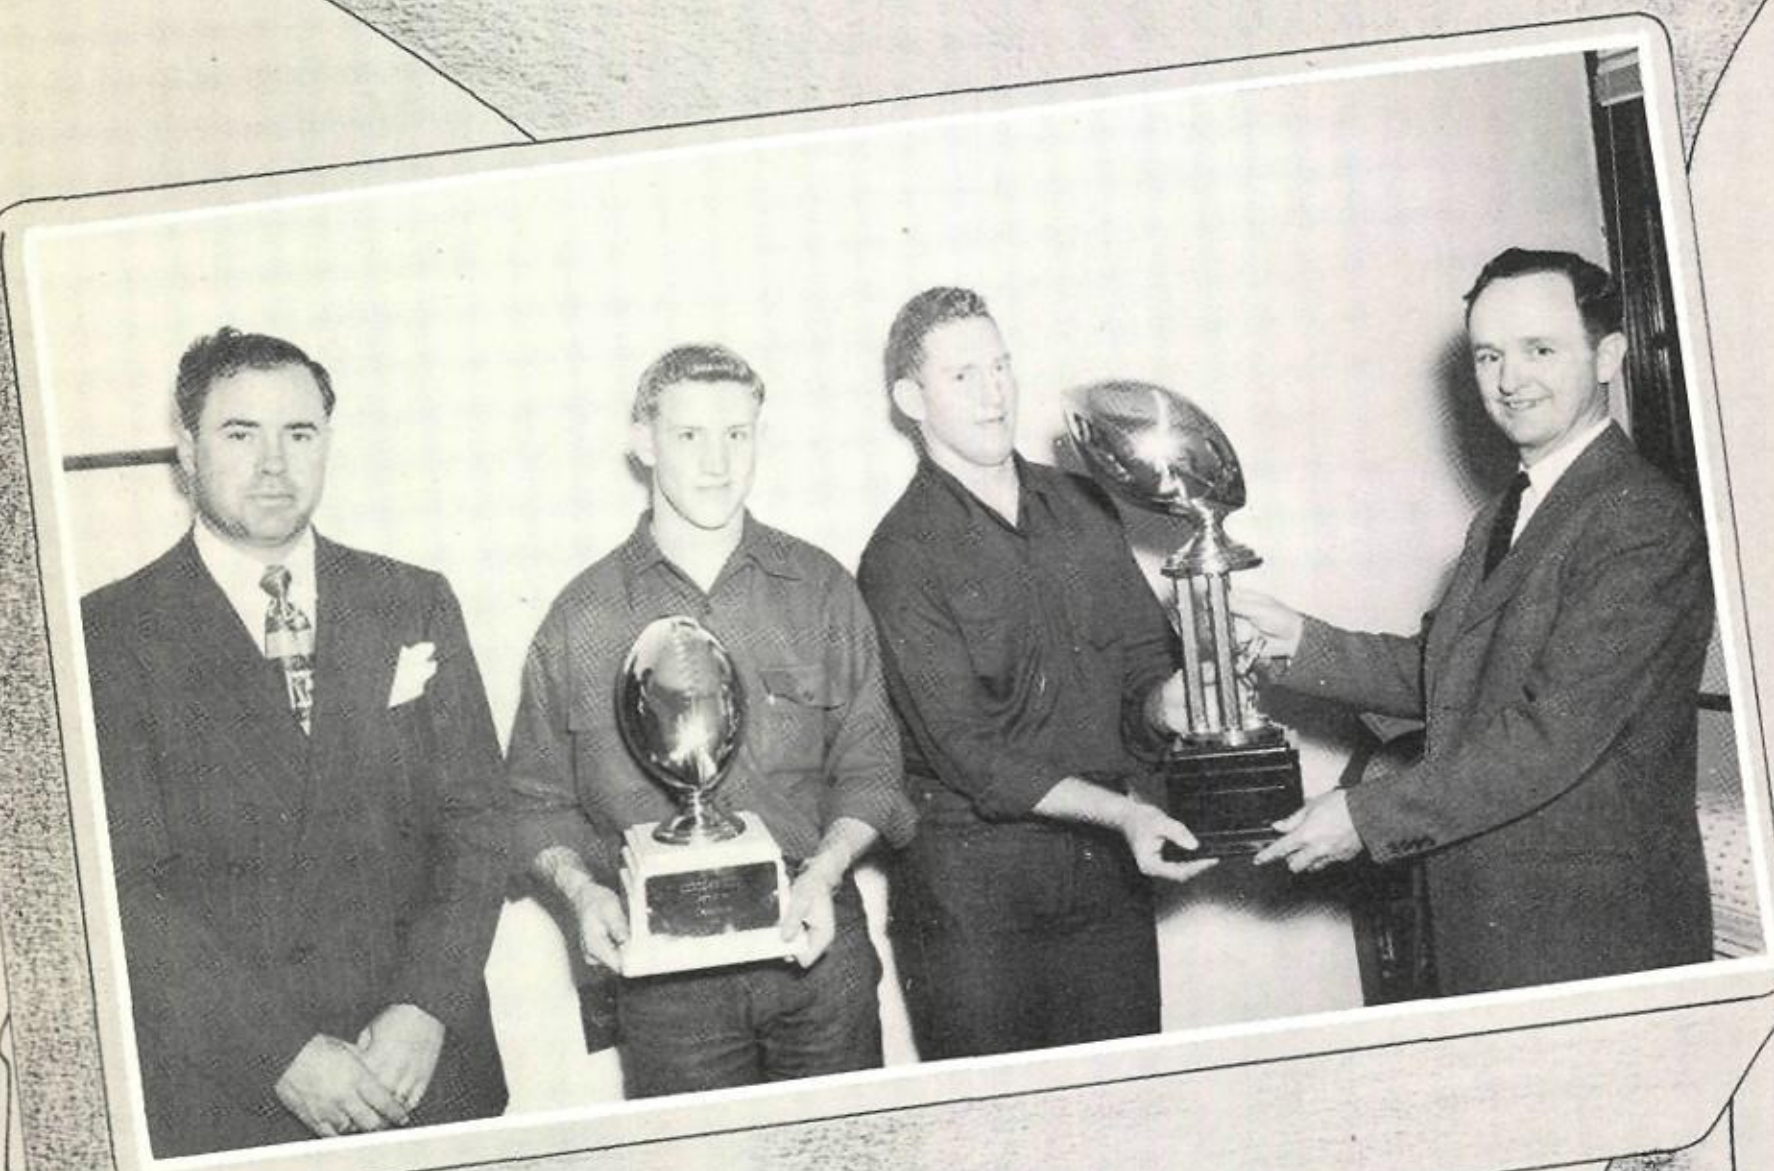
"Books are the best means man has found to stay the sweeping scythe of time." With this thought in our minds, we, the staff of "The Wildcat", have put forth every effort to capture, with words and pictures, the spirit and friendliness in Littlefield High School. If this book brings a joy to your heart as you glance over these pages in the future years; we will be pleased and gratified that our efforts were not in vain.

The Staff

Donald Tirey

DEDICATION



This 1950 edition of "The Wildcat" is fondly dedicated to the Wildcat football players and coaches. The glory which they have earned through teamwork, patience, and fortitude has done more for Littlefield High than a million dollars worth of advertising would do for a business concern. Our appreciation for their fine work is sincere and beyond bounds.

Dearest Nema —

My best wishes to the sweetest girl. May you always be the same as you are now. Keep a smile on your face always and you will always be on top.

Here's Bill so will write more! ... go ahead and write.

Oh well may as well go

Kid best of luck to you and S.S.

We have been friends forever. Lets stay that way.

Editor's Lament

First of school
All is well,
Editor busy
Staff work till bell.

Two weeks later
All is slow,
No work done
Editor feelin' low.

Deadline set
For March ten,
Investigate----
No work in!

Tell photographer
Get good shot.
Just something
Get it red-hot!

Does he do it
O-You bet
Just how stupid
Can you get?

A pic of Bill
And of Jane
Or a genius
Minus brain.

Picture in----
Out of focus,
Give ye editor
Chinese mokus.

Picture awful.
Well you know--
You're no Venus
So just go blow!

Business Manager
Kinda late,
Will she make it
By that date?

Five people
Named Joan,
Five different spellings
For one name alone!

Floyd's his name,
Some call him "Pinky,"
But to his best friends
It's just plain "Stinky."

Thirty people
Slip in office,
Results----
Thirty bosses.

Sneeer at pictures,
Rip out pages,
Laugh at layouts--
Editor rages!

Whiskey, opium,
Marijuana, dope!
All is taken to
Keep up hope!

Well, here it is
Now completed,
Do they like it?
If not----we're defeated.

Will they see
The pain it takes,
The time and trouble?
No! Just mistakes!

-J. Simmons

Hi Nema,

I will try to fill this page but I dont think I can. You have been one of the best friends a person could wish for. I wasn't known you for so very long but in that time I have learned to think of you as [illegible]. Yes, I will never forget the time at Sudan. It's were well. I hope it will be as easy next year to play hockey, as it was this year. I might just spend all of my time over there.

Well I hope I see a lot of you next year until then be good and stay out of trouble and the best of luck ever.

Dearest Nema,
I suppose I shall never forget you — I hope not. We have had so much fun together! Remember Bill's pickup — and the grapes! Remember the jokes we told (?). I'll never forget contest this year — "Sweepstakes" but [illegible] also your piccolo solo and oboe solo. Remember when they announced that you made I. Remember our long walks and talks. Oh — & the time we learned to rhumba! It's too bad we couldn't have been in the same class. I'll miss you next year — but if I go to Compton we can see each other a little more often! Nema you are a wonderful person to know & I hope you become an accomplished musician some day. Please never forget me or our wonderful times together. Don't grieve over my graduating (Ha!) because last year at grad. I thought this year would be horrible and I had more fun than almost any other time. Lots of Luck & Happiness Dear Nema!
Always,
Elaine

SUPERINTENDENT'S MESSAGE

To The Students Of Littlefield High School

This will end my four years here as superintendent. You Seniors this year were Freshmen when I came. It seems that it was only yesterday. Time has passed quickly. We have had a successful four years and have made much progress in our school. We have improved our building and grounds and hope to have, for the Seniors next year, a new high school building. This has all been made possible by your efforts as a student body and by the farsightedness of the patrons of the Littlefield School District. I think we have a wonderful school, fine athletic program, fine band, fine group of classroom teachers and a super school spirit. We must realize at all times that not any one organization makes the school. It takes all of us working together as a team with each contributing his part to have the kind of school that you want to graduate from.

To the Senior Class, you have been a swell bunch to work with. May I wish for you the very finest things in life.

Joe C. Hutchinson

PRINCIPAL'S MESSAGE

To The Students:

The annual staff and its sponsor are to be highly commended on a job well done in this edition of "The Wildcat".

May the memories of your high school days grow ever sweeter as the years go by, and may you look back upon these years and recall the joy of living and the spirit of good will that prevailed at all times.

My hope is that sometime in the future you can open the pages of this book and relive your school days. Surely, your life work will be bettered and all your realizations come to a happy ending with such a pleasant past behind you.

Troy Armes

TO THE SENIORS OF L. H. S.

Some of you are leaving with the thoughts of what lies ahead and others of leaving behind friends and the trend of life you have found easier and more pleasant day by day at L. H. S. As the years go by you will look back and cherish the memories that cling to your hearts forever. Think of these for the fact that they gave you the foundation from which to make a better citizen to your community and your family. In these thoughts as each sees his or her own, we wish to express our sincerest congratulation.

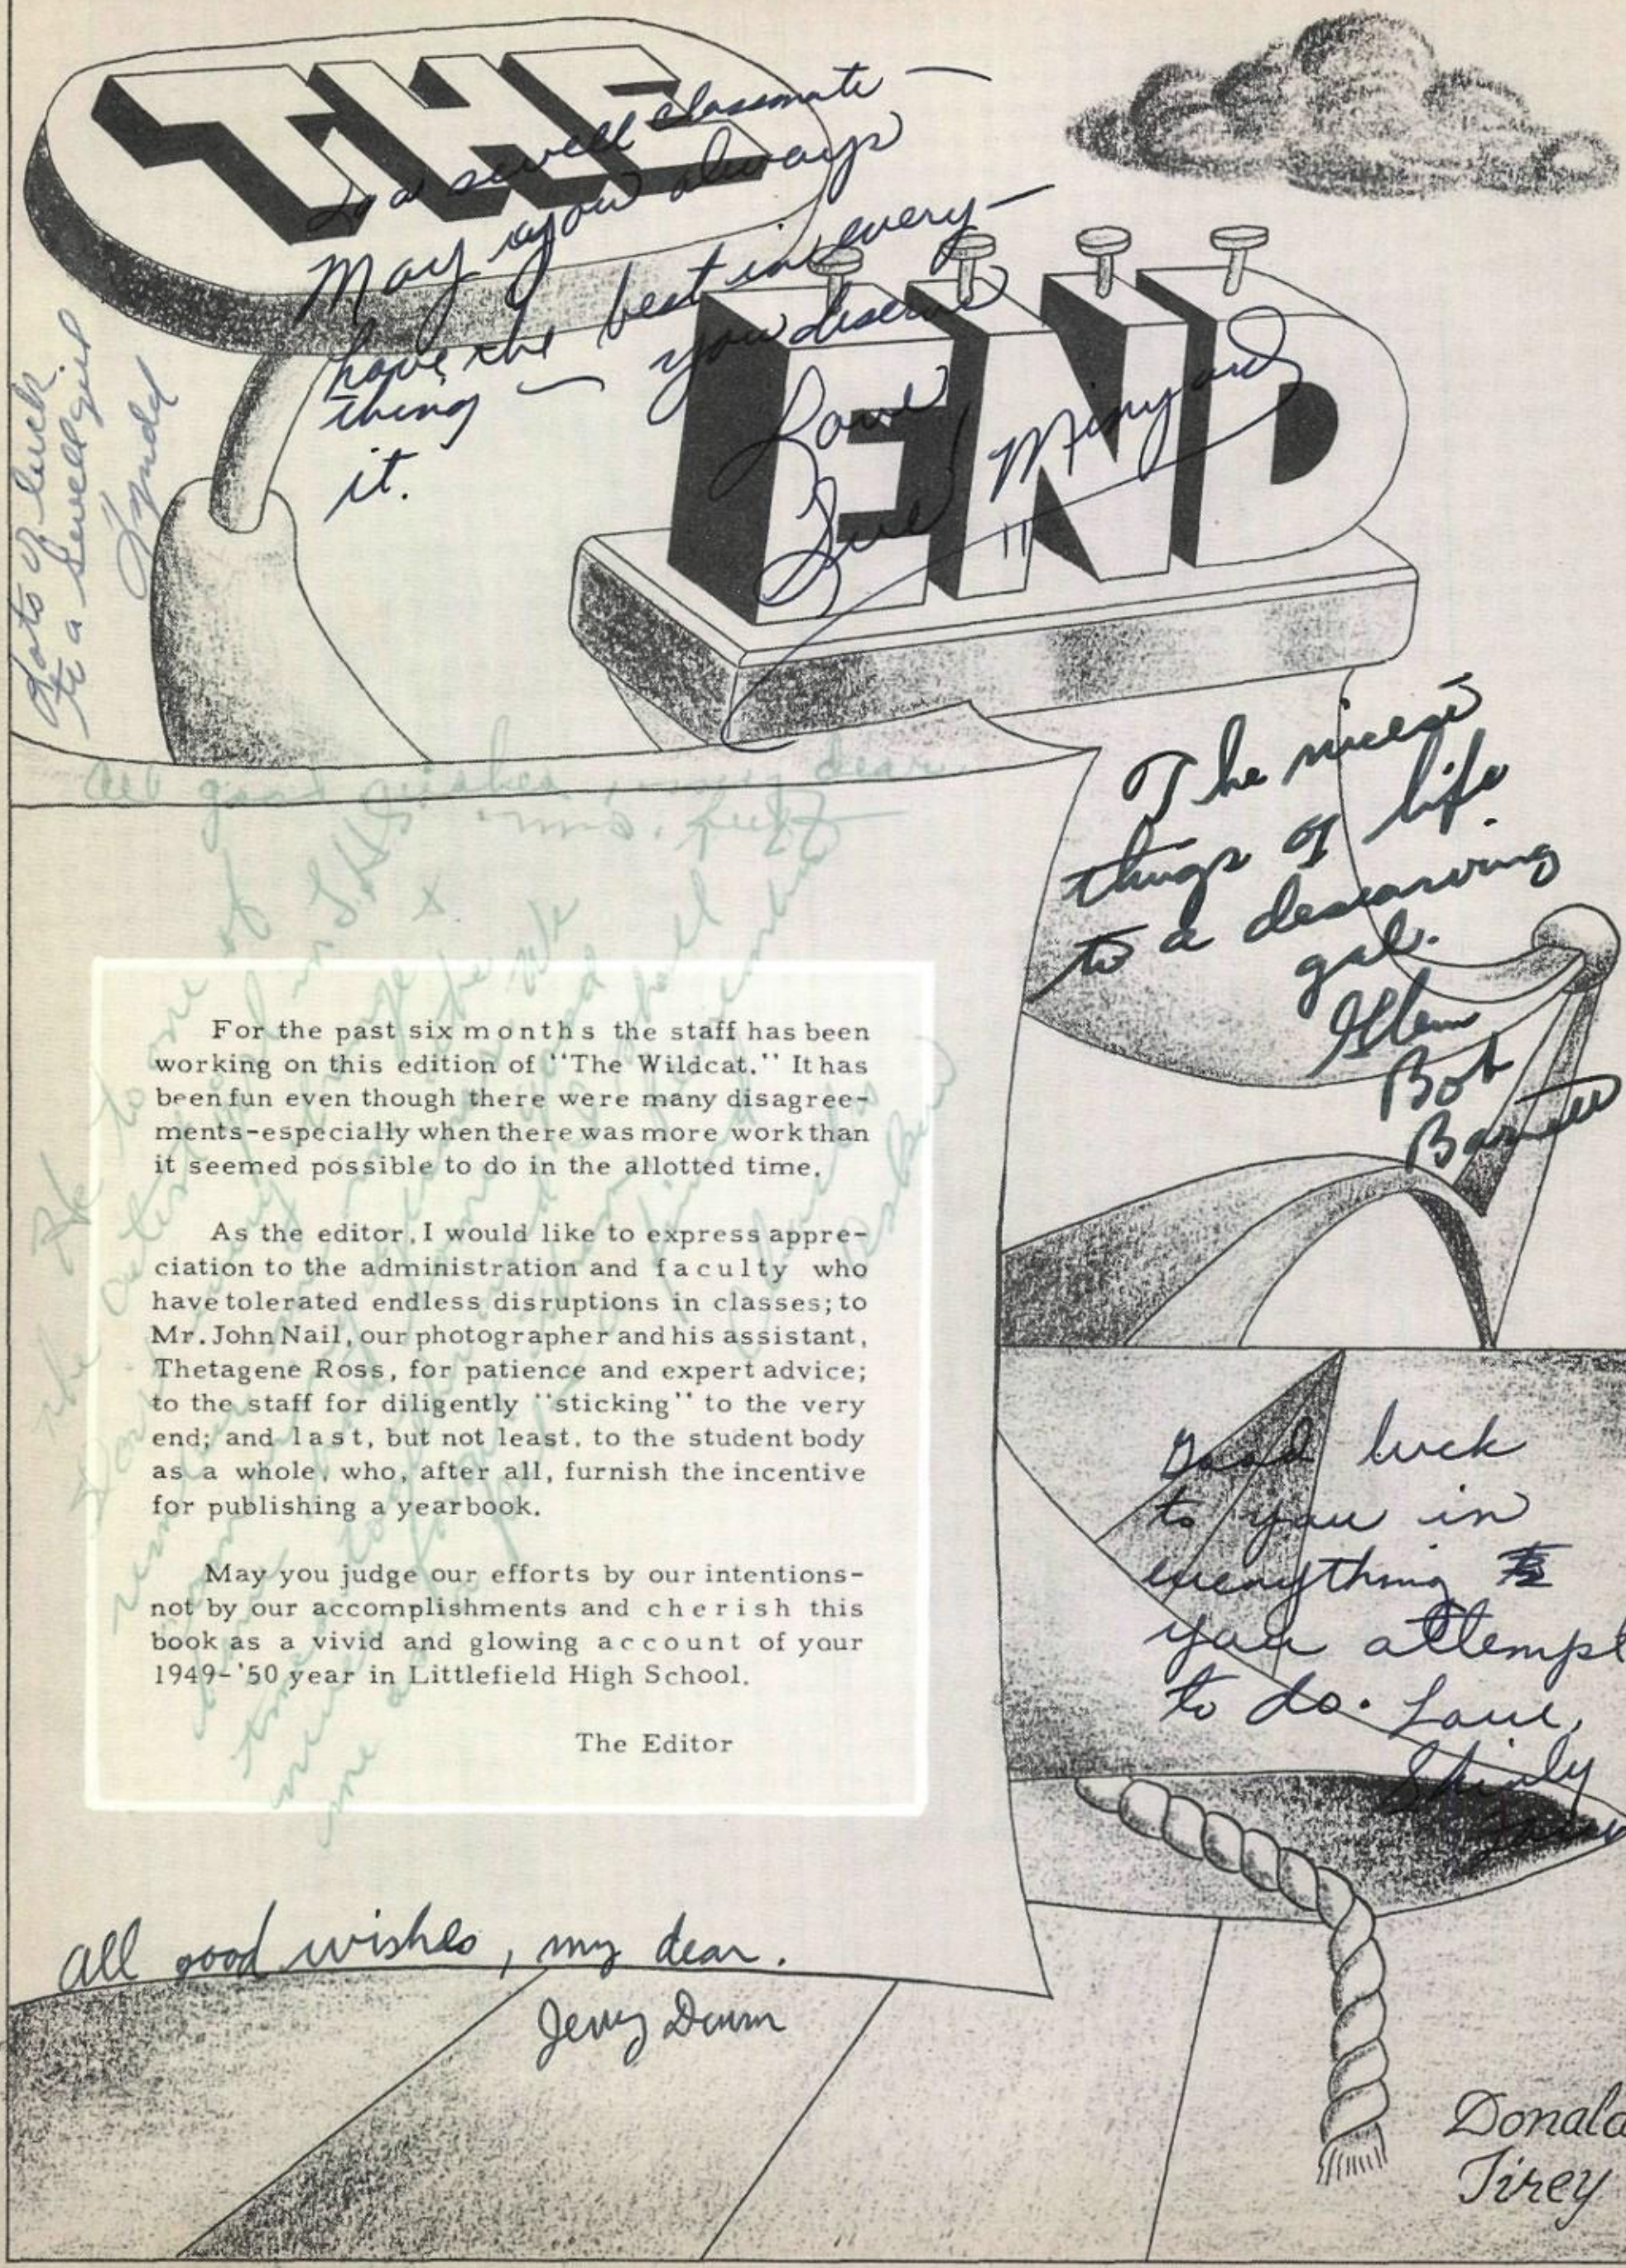
STAFF FOR
1950'S
SUCCESS-
-FUL YEAR

SUSAN AND
RANDY



For the past six months the staff has been working on this edition of "The Wildcat." It has been fun even though there were many disagreements-especially when there was more work than it seemed possible to do in the allotted time.

As the editor, I would like to express appreciation to the administration and faculty who have tolerated endless disruptions in classes; to Mr. John Nail, our photographer and his assistant, Thetagene Ross, for patience and expert advice; to the staff for diligently "sticking" to the very end; and last, but not least, to the student body as a whole, who, after all, furnish the incentive for publishing a yearbook.

May you judge our efforts by our intentions-not by our accomplishments and cherish this book as a vivid and glowing account of your 1949-'50 year in Littlefield High School.

The Editor
